Belding presented his side of the case to the President. He said that the corps of Virginia had played Blind Tom in his charge at the request of Tom himself, who preferred that the President should be the one to play. ## Sovereigns for a Penny!

We feel ourselves somewhat in the predicament of the man who stood on London Bridge trying to sell sovereigns for a penny apiece. Nobody would buy them because they couldn't see how he could afford to sell them for such a price. In the same way we—however, we won't carry the illustration any further, but submit a few words about some

## JEWELRY

we are going to sell this week. Of late years there has been an enormous demand for Cheap Jewelry. Manufacturers have so perfected their machinery and have attained such skill in workmanship that they have been enabled to turn out cheap articles made of base metal plated, known as "Fire-Gilt Goods," which, so far as looks go, are fully equal to any genuine Rolled-Plate Jewelry.

All this, however, has not injured the trade in genuine Rolled-Plate Jewelry; the cheapness of the imitation goods has simply created and satisfied an enormous additional demand. There are thousands of ladies in Washington who never wear and never will wear a piece of cheap imitation jewelry. It is these ladies whom we want to see around our jewelry counter this week.

An extensive manufacturer of Genuine Rolled-Plate Jewelry sent for us one day last week and invited us to make an offer for his entire stock. We really had no idea of buying the goods, but simply as a business form we appraised the stock and offered him one-fourth its actual value. To our astonishment, instead of refusing indignantly, he asked if he could get a check that day, and on our telling him that he could, he accepted our offer.

We will place the entire lot of Genuine Rolled-Plate Jewelry on our counters Monday and until all are sold.

## European Styles in the United States

The Palais Royal's Fall Importations have been arriving by every steamer, so that we can now advertise an exhibition of entire New Goods in every department. A successful experience of seven years has made 'the Palais Royal' richer and, we trust, wiser. We respectfully request an early inspection of the new stocks, feeling assured you cannot but be pleased with the variety of our selections and the prices quoted. The business of The Palais Royal has increased to such proportions that we purchase direct from the European manufacturers, which enables us to offer goods retail at regular wholesale prices. The public are aware that we sell for CASH ONLY. We only mention this in order to give a substantial reason for our prices being lower than any of our competitors, all of whom do a credit business, which forces them to obtain larger profits or they would be overwhelmed; for does not a credit business entail losses, and could they withstand such losses if selling at small profits as asked by The Palais Royal for CASH SALES ONLY?

## Contradiction Defied!

The Palais Royal's prices are the lowest in this city, as proved above; to this we defy contradiction.

## Quality, Quantity, and Variety!

## Linen and Housekeeping Goods.

We would suggest to our customers that now is an excellent time to purchase Table Linens, Napkins, Blankets, Comforts, Spreads, &c., as they have never been offered at lower figures, and there is every probability of their advancing a little later, and while we shall not advance our prices until it becomes absolutely necessary, it is something over which we have no control.
